

U.S. banking, payments, AI & financial services events 2026

Payments & banking U.S.

Money20/20 USA — October 2026, Las Vegas. The largest fintech event in the world with 13,000+ attendees. Content pillars include borderless financial architecture, agentic AI in finance, embedded commerce, and trust infrastructure. 85% of the world's top 20 banks send teams. Essential for cross-border payments and US partnership opportunities.

Sibos 2026 — September 28 – October 1, Miami Beach Convention Center. Organized by SWIFT, the premier global financial community gathering focusing on financial infrastructure, cross-border payments, and liquidity management. Critical for Canadian banks active in correspondent banking and USD/CAD corridors.

Fintech Meetup — March 30 – April 1, Las Vegas. Algorithm-matched one-on-one meetings with 4,000 attendees. Ideal for Canadian banks actively pursuing US fintech partnerships or vendor relationships.

Banking & AI U.S.

FinAi Banking Summit — 2026, USA. Focused on the intersection of financial services and artificial intelligence, featuring speakers from leading banks on automation and AI reshaping customer experience, compliance, and core infrastructure.

U.S. BankTech Summit — December 7–9, Oak Brook, IL. Premier banking technology conference for decision-makers, with expert-led panels on core modernization, digital transformation, payments innovation, and compliance in a digital-first world.

Fintech & innovation U.S.

FinovateFall — September 9–11, Marriott Marquis Times Square, New York. 60+ companies demo live technology to 2,000+ senior decision-makers including 1,000+ from financial institutions. Covers anti-fraud, BaaS, lending, digital banking, wealth management, and RegTech.

FinovateSpring — May 5–7, Sheraton San Diego Hotel & Marina, San Diego. The leading US West Coast FinTech event featuring rapid-fire 7-minute live demos of new technologies.

Future Digital Finance Connect — 2026, USA. Peer-led conference for digital banking innovators, with strategy sessions, case studies, and one-on-one meetings focused on product design, fraud prevention, personalization, and CX.
